DR. BAER FOR FLOWERS

Dr. John Willis Baer, ex-president of Occidental College, and prominent educator in the West, endorses Flowers for Congress and in a letter to Mr. Flowers Monday explains why he will vote for him. This is the letter:

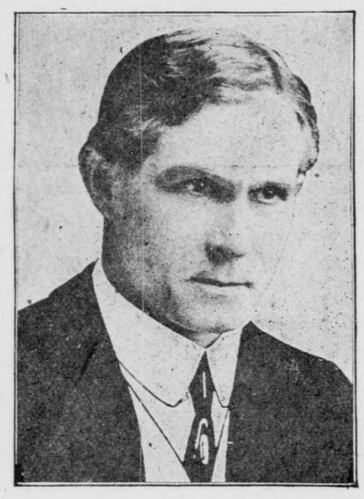
"PASADENA, Nov. 4, 1918.

"My Dear Mr. Flowers:

"My vote will be cast for you for Congress and for Mr. Stephens for Governor. I want to see Mr. Stephens returned to Sacramento, and I am opposed to Mr. Randall's going back to Washington.

"Your fellow-citizens at the primaries selected you to take Mr. Randall's place. That choice was made some weeks ago and will be confirmed tomorrow. In advance I congratulate you upon the opportunity which is to be yours. You are to have a part in framing legislation during the coming reconstruction days. Before you take your place in Washington, Congress will have ratified a victorious peace, the basis of which is now being determined by our military leaders and those of our Allies in France. When you take your seat, Congress will have become a dynamic force in the new era of the world's reconstruction. Every one of your natural faculties must be geared at its highest point of efficiency. Never before has there been greater demand for real men of unswerving integrity and unusual intellect. Men, too, who are not morally color blind; men who will stand without being hitched to a party post.

"Another reason why I vote for you is that I believe you are 100 per cent. dry. Tomorrow your fellow-



citizens of this State will vote to make California 'bone dry.' Kaiserism in Europe is on the road to hell. So is the liquor traffic in this country. If I did not believe you will fight the whole damnable business to the death at all times, and in all places, you would never have my support. I shall vote no on No. 1 and yes on No. 22.

"And, lastly, I am voting for you, not because you wear a Republican toga, and because Mr. Randall wears one of many political colors, not that—I vote for you because you seem to be the stronger man of the two. The next congress should be made up of patriots and peacemakers, not politicians and pacifists. We can't have too many of the right kind, and we want none of the wrong kind. I am for you.

"JOHN WILLIS BAER."

"FLU" SITUATION STATIONARY

Health Officer Chase states that the "Flu" situation is about stationary, that the number of cases is running about the same, neither increasing nor diminishing and he can make no prophecy as to when the ban will be lifted; that there can be no lifting of the ban until the situation changes materially. The doctor also conveys the good news that his little daughter Shirley, is out of danger and doing nicely.

VENTURA COUNTY PROSPEROUS

Mr. and Mrs. S. E. Brown of Maryland avenue (Blanche) motored to Fillmore last week and visited in the home of Rev. H. C. Shoemaker, who has a pastorate there. He was at one time pastor of the Tropico Presbyterian church. While there they met N. C. Burch, another former resident of Glendale and one of the early settlers of this valley. They enjoyed the trip very much and say the country exhibits great prosperity. They were told the walnut crop of Ventura county will bring two million dollars this year. The orange groves also look fine and are carrying a heavy crop.

GUESTS FROM CHICAGO

Mr. and Mrs. C. W. Burket, of Harard street, entertained as week-end guests, Mr. and Mrs. Elmer Wolfel and little daughter Myrtle, who arrived in Los Angeles from Chicago a week ago, and have taken an apartment for the winter. Mrs. Wolfel is a niece of Mr. Burket. Her husband is paymaster of the New York Central Railroad. Though he is of draft age now that the railroads are under the control of the government, he is under government orders and has been considered an essential man, and has not had an opportunity to get into the army. He expects to be called back to his railroad work, but if he could be released would be glad to locate here permanently.

LABORERS WANTED

Editor News:

Will you kindly announce that the undersigned has been requested by the Department of Labor to say that there is a demand at the ship yards of San Francisco Bay district for unskilled laborers at a wage of $4.16 per eight hour day and for bolters at $4.64 per day. Men must be physically fit and preferably between 21 and 45 years of age and should not be in Class one of the Draft. If any considerable number should list their names with me, a special agent will be sent to arrange for transportation. Citizens of alien countries need not apply.

WEATHER FORECASE—Fair tonight and Wednesday. Warmer. Westerly winds.

BOTH PARTIES CLAIM VICTORY

BOTH REPUBLICANS AND DEMOCRATS CLAIM SENATE MAJORITY, BUT ADMIT HOUSE OF REPRESENTATIVES IS UNCERTAIN

(Special Service to Glendale Evening News)

WASHINGTON, November 5.—Reports from political headquarters today indicated that there would be a heavy vote in most parts of the country. Democratic headquarters declared it was certain they would maintain a Democratic majority in the Senate. They predicted the Democrats would gain one senator each from Rhode Island and Nebraska to offset possible losses in Illinois and Kansas.

Republican headquarters declared that reports indicated they would elect fifty senators, including one each for Illinois, Massachusetts, Rhode Island, Nebraska and Kansas. The Democrats also claim victory.

Both headquarters admitted that the result in the House of Representatives remained uncertain.

TOPEKA, Kansas, November 5.—Republican candidates jumped into the lead when the count of ballots began in the Topeka precincts. The ballots of Governor Capper, Republican candidate for the Senate, totalled 217 against 87 for Senator Thompson. Allen, Republican candidate for governor, led Lansdon, Democratic candidate by a vote of 230 to 48.

BROCKTON, Mass., November 5.—Norwell, the first town in the state to report election returns, shows 110 votes for Weeks, Republican senator, as against 50 for Walsh, the Democratic opponent.

ARKANSAS CITY, Kansas, November 5.—Out of the first 1,006 votes counted in this city, Capper, Republican senatorial candidate, had 318 votes against 188 for Thompson, Democrat.

LOS ANGELES, November 5.—The early vote in Los Angeles today was light, and County Registrar of Voters Lyons predicted it would be about a fifty per cent vote for the day. Politicians predicted the vote would be as low as 35 per cent. The headquarters of all candidate remained confident.

BRITISH CAPTURE LE QUESNOY

DANGEROUS SALIENT DEVELOPED IN RECENT FIGHTING IS OBLITERATED

(Special Service to Glendale Evening News)

LONDON, November 5.—Field Marshal Haig announced today that the British had captured Le Quesnoy, eight miles south of Valenciennes with a garrison of 3,000. This obliterates a dangerous salient created in recent fighting.

The British advanced from three to four miles along the entire Valenciennes front and captured Leronde, Maris and Franzoy this morning.

The French launched a new attack on a forty-mile front from the Peton River to the Aisne. A second attack was started a little later between the Peton and the Sambre, extending the total front to fifty miles.

North of Sissone the French reached the line of Froidmont, Autremencourt, Cuirieux and Machecourt, and are still advancing.

RUSSIAN BOLSHEVIKI GOVERNMENT SENDS MESSAGE TO ALLIES ASKING FOR PEACE NEGOTIATIONS

(Special Service to Glendale Evening News)

COPENHAGEN, November 5.—The Russian Bolsheviki government has sent a message to the Allies asking for peace negotiations, according to reports received today.

COPENHAGEN, November 5.—The Berlin Tageblatt declared today that a great peace demonstration was held Sunday before the Bismarck monument in Berlin.

HINSHAW RIDDLED

Official Proof That Virgil A. Hinshaw's Open Letter to Montaville Flowers is Cunning Falsehood.

Telegram Just Received.

Chicago, Nov. 4, 1918.

Mr. Montaville Flowers—Telegram received here 6:00 tonight. I positively affirm that you fathered that first resolution and spoke in favor of it, and moved its adoption, and that the second resolution was worded by you, and you spoke in its favor.

(Signed) Corolyn McCartney,
Assistant Secretary International Lyceum Association.

That settles Mr. Hinshaw's last infamous attack in his campaign of chicanery and falsehood.

THE FLOWERS FOR CONGRESS CLUB.

MILITARY INSTRUCTION

CLASS WILL MEET WEDNESDAY NIGHT IN NEW MILITARY HEADQUARTERS

Capt. D. Ripley Jackson, of the military committee, reports that the class for instructors will be held Wednesday night in the new headquarters of the military committee on Brand boulevard, the storeroom now occupied as Republican headquarters. One of the instructors, H. P. Courtney, of 217 Orange street, has been very low with pneumonia, but has taken a turn for the better and is now getting along nicely. He, of course, will not be there. Another instructor, Claud B. Andrews, of 224 South Jackson street, has recovered from pneumonia and is now able to be out.

For the information of registrants, the following instructions from the manual are quoted:

62. Being at a halt, to march forward in quick time: 1. **Forward,** 2. **MARCH.**

At the command **forward,** shift the weight of the body to the right leg, left knee straight.

At the command **march,** move the left foot smartly straight forward 30 inches from the right, sole near the ground, and plant it without shock; next, in like manner, advance the right foot and plant it as above; continue the march. The arms swing naturally.

63. Being at a halt, or in march in quick time, to march in double time: 1. **Double time,** 2. **MARCH.**

If at a halt, at the first command shift the weight of the body to the right leg. At the command **march,** raise the forearms, fingers closed, to a horizontal position along the waist line; take up an easy run with the step and cadence of double time, allowing a natural swinging motion to the arms.

If marching in quick time, at the command **march,** given as either foot strikes the ground, take one step in quick time, and then step off in double time.

64. To resume the quick time: 11. **Quick time,** 2. **MARCH.**

At the command **march,** given as either foot strikes the ground, advance and plant the other foot in double time; resume the quick time, dropping the hands by the sides.

THE EMERGENCY HOSPITAL

The Emergency Hospital at Fire Station No. 2 has been a Godsend to the community. It is now accommodating fourteen patients for whom quarters probably could not have been secured elsewhere, and it has adapted itself to its new uses astonishingly well. The hospital now has an office in the small room at the rear of the Librarian's office below stairs, where Mrs. Bacon is acting as secretary and transacting necessary business in connection with the institution. Mrs. Leigh Bancroft is also on a committee of supervision to see that necessary supplies of cooked food of the proper sort are provided, and it is being conducted in a very satisfactory manner. The only patients who have failed to recover were those who were brought too late as in the case of a Mexican from La Canada who was delerious when he was entered and who died Monda.

THE LAWSHE'S RETURN

Mr. and Mrs. A. L. Lawshe got back to Glendale last night from Santa Fe, having come from there overland by auto. Their first inquiry was for Mrs. Hutton, from whom they had not had news since they left Santa Fe. Rev. Clifford Cole reports that letters received by Miss Hutton from Mrs. Hutton's brother, who is with her, state that her injuries have proved quite painful and she was not able to sit up at the time his letter was dated, about a week ago, also that she was suffering from a cold on her lungs which had interfered with her recovery, but he hoped she would be able to come home in about two weeks, which would be about a week from this date.

MORE DRAFT CALLS

The local Exemption Board has received two more November calls for the five-day period beginning November 11th. The first of these is for sixty-eight men to supply the call for seventeen to be sent to Kelly Field, near San Antonio, and the other call is for thirteen men for Camp Lewis, making a total call of 98 to date. Notifications for these men have not yet been mailed.

The Board is exceedingly busy. Registrants of the 18 to 19 and 36 to 45 class have come in to the number of about 300 to fill out Questionnaires, and it takes some hustling to care for all these interests and keep up with the demands of the government.

GOOD NEWS

CORP. ESTERLY WHO WENT OVER THE TOP, RECUPERATING IN LONDON HOSPITAL

Miss Helen Esterly, of Adams street, reports the receipt of a letter from her brother, Corporal William W. Esterly of Machine Gun Corps 106, U. S. Infantry, 27th Division, who was seriously wounded in battle. He wrote from a London hospital where he is recovering and where he expects to be for three or four weeks. When he wrote he was just able to sit up for a short time and was still very weak from the loss of blood, but said he was doing finely and hoped to be able to come home soon. He did not suppose he would be well enough to return to the service before the war ended. In explanation of his wound he said he was with the New York Division in the big drive of September 27th; that they went over the top at 6:30 in the morning and just as he went over, shrapnel hit him. Out of 3500 men who went over the top, only five hundred came out. The rest were either killed outright or died of wounds.

SOLDIER LETTERS

Mrs. Charles Grist received a telegram from her son George Thursday saying he had left the hospital at Newport News, and as she has had no news since she believes he is getting all right and may even be enroute for over there, as he expected to be sent with "the next bunch" as he expressed it.

Mrs. Grist's daughter, Mrs. Pierce, has heard from her husband recently. He said the weather had been disagreeable and he was suffering from a cold when he wrote. He was expecting to go to a training school very soon, but did not say what kind. He wote they were billeted in a castle built in 1812, that it was on a hill from which you could see twenty-three villages. He also said it was a mystery to him how the French people led in styles and yet were so far behind in other ways. During the week they wear wooden shoes and live in a primitive way, washing their clothes in a stream, but when Sunday comes they "dress up like a million dollars," as he phrased it. "When it comes to style, they are right there," he declares. He doesn't like the French country very well, but says the French people are very nice. They and the soldier boys have a hard time understanding each other, but the French women are very grateful to the Americans and anxious to show their appreciation. Mr. Pierce was sick recently and in his letter he tells how an old French woman, learning his condition, insisted he should come to her house and let her care for him and prepare soups for him.

DISTINGUISHED MUSICIAN

Readers of the Evening News who belong to musical circles will note with interest the advertisement of Professor Cherniavsky, the veteran and accomplished master of the new Russian School of Music, of national reputation. He comes from Winnipeg, and he will be followed to this coast by quite a coterie of pupils who wish to continue under his instruction. He has identified himself with the Pearl Keller School of Dancing and will be in Glendale regularly where he will receive pupils at the Keller studio.

CLAUD NORTON VERY ILL

Claud Norton, a former resident of this city, arrived in Los Angeles, October 30 on a furlough. Claud enlisted in the navy last March and has been stationed on the U.S.S. New Jersey at Fortress Monroe. On the night of his arrival he was taken seriously ill of spinal meningitis as an after effect of a recent attack of Spanish influenza. He is at the home of L. Norton in Los Angeles under the care of a special physician, and his many friends are praying for his recovery. He was graduated from Glendale Union High School and was also a student at Occidental. His father, W. A. Norton of Adams street, is at his son's bedside.

BE SURE YOU VOTE

Immediately after reading this paragraph, if you have not voted, go to your polling precinct and vote. Before you go take time to read Dr. Willis Baer's letter on the first page. There will be a rush at the polls just prior to closing at 7 o'clock. If possible, do your voting before men and women returning from work visit the polls.

Mrs. Jackson, Chief Clerk of the Exemption Board, was at her post this morning, but has not fully recovered her strength.

ALCOHOL AND INFLUENZA

It may be emphatically stated that no temperance organization is opposed to the use of alcoholic liquors as medicines where competent medical advisors believe them valuable, but it is a simple fact that the great majority of modern physicians believe alcohol to be valueless for medical purposes except when used externally. And they are most unanimous in opposing its use in cases of grippe, influenza and pneumonia. This is a question to be settled by expert professional opinion, and not by reformers, interested liquor partisans, or superstitious and ignorant people who believe that a bag of asafoetida hung around the neck is a sure preventive of most of the ills that flesh is heir to.

At an enthusiastic public meeting of 3000 physicians and surgeons at the annual convention of the American Medical association, the new president, Dr. Arthur Bean Bevan, called upon the physicians of America to help abolish drink as a military and efficiency necessity. His remarks, calling upon 126,000 members and fellows of the American Medical association to fight for prohibition were enthusiastically cheered by the audience.

"There can be no doubt," he said, "of the injurious effects of alcoholic drinks on both the physical and mental well being of our population. There can be no doubt that the greatest single factor we can control in the interests of public health of the nation would be the elimination of alcoholic drink.

"In the slow evolution of civilization many great wrongs persisted for centuries because people had become so accustomed to them that they were accepted as a matter of course. They became so entrenched that it required centuries of education or a revolution to extirpate or right them.

"Government by autocratic power and divine right without the consent of the governed has been tolerated.

"Among these great wrongs, too long tolerated, none has done more injury to mankind than drink. And science and education should eliminate not only the plagues and epidemics, but also the curse of drink from the world.

"I want to plead for the united action of the organized medical profession of this country to secure protection by law against the injury that drink is doing to our people, not as a political measure, but as the most important public health measure that could be secured. In this crises, when we and our allies are fighting not only for ourselves, but also for humanity and civilization, we must organize the entire nation in the most efficient way possible, and this cannot be done without eliminating drink."

SOME PHILOSOPHERS

Socialistic philosophers have catalogued Jesus among the list of partial failures because "he was ahead of his time." He failed because he misplaced himself. With the orthodox socialist the blunder of being ahead of one's time is as great as being behind the times. The wise socialist knows better than to deliberately place himself under uncongenial conditions. The high art of living according to the socialist is the art of living in high physical comfort.

Moses who "refused to be called the son of Pharaoh's daughter, choosing rather to suffer affliction with the people of God than to enjoy the pleasures of sin for a season"—this Moses, say some, made his great mistake when he gave up a life at court for a life in the wilderness. This it is contended by some, is too much like grabbing with both hands whatever is in sight. Ninevah and Tyre lived this way and expired. Egypt and Babylon ate their pottage and turned to unidentified dust. Rome casually crucified a street preacher who got ahead of his time, but the world lived to see Rome judged by the moral standards set up by the Crucified one. —Exchange.

MANY THINGS TO BE THANKFUL FOR

Notwithstanding the fact that we are today engaged in the most terrible war of history, there are many things we can and should be thankful for. We should be thankful that our great nation has the strength and vigor, the spirit and stamina, the men and the resources that will insure victory for democracy, justice and humanity against autocracy and military despotism. We should be thankful that our land has not been invaded, our people murdered or our cities laid waste. We should be thankful that we are far enough from the scene of strife to miss most of its horrors but near enough to take an active and decisive part in the struggle; that our farms and factories and mines are spared to produce the supplies urgently needed by our allies. We should be thankful that we have an army composed of the best material in the land, brave boys, ready and willing to fight for freedom.

HOME INFLUENCES

The influence of the American home follows the American fighting man clear to the front line trenches. It is the first time in the world's history that this is the case. This influence is carried overseas by the seven great welfare organizations doing work among the soldiers. Huts are established where the soldier may spend his leisure time. Entertainment is furnished him, and he is given that care and attention that he would have received in a greater measure at home. These huts overseas are the nearest thing to home that the soldier knows. To support this great work there will be a drive for funds by the United War Work campaign November 11 to 18.

FOR HOME LETTERS

Between the seven welfare agencies doing work for the soldiers at home and overseas more than 120,000,000 sheets of stationery are supplied every month for men to write letters home. This means that half a million dollars is kept tied up in postage stamps to meet the calls of the soldiers.

TRUE SERVICE

From the St. Mihiel front comes a thrilling story of how a Y. M. C. A. secretary and a woman assistant wormed their way along shell torn roads and over temporary bridges following the advance of American troops, and established stations where they served the troops with hot chocolate.

During the two days which elapsed before the army kitchens could be brought up this chocolate was the only hot food available for those tired and wet troops lying in the mud. The chocolate was carried in buckets and thermos containers to the various companies. Five thousand gallons of chocolate were given away at this point.

It is this wonderful service that has endeared the Y. M. C. A., K. of C. and the Salvation Army to the fighting men overseas. It is this service which has maintained the wonderful morale of the American troops, helped to put heart into the allied nations after four years of fighting and it is this service that will bring the young men of America back home as clean, wholesome and ambitious as they left.

The United War Work drive for funds to continue this service will start November 11. Every effort should be made to send the word to our boys that L. A. county is 100 per cent patriotic by liberally meeting this welfare call.

LET HER RAIN!

Rev. Charles C. Selecman, prominent Los Angeles divine and Chaplain of the Los Angeles Optimist Club, conveys, in a poem written recently, the spirit of optimism.

If you're startin' to a picnic with a basket full of grub,
Hopin' to wake up the natives with your frolic and hubbub;
And you see a grizzly thunderhead a raisin' in the west,
And the leaves begin to sing and sigh; why just keep on your vest.
Don't complain! Let her rain!

If you're havin' a big meetin', and the crowds are comin' good,
And every thing is promisin' a victory for the Lord;
Then it up and rains—don't bust your belt and have a spell of blues;
Put on a smile and whistle and wear your rubber shoes.
And don't complain! Just let her rain!

It aint no use to kick agin' the weather and the mud;
The Lord's arunnin' that machine, so mind your business, Bud.
Don't you hear the corn apoppin'; don't you see the pastures green;
Aint the cows and pigs as fat and purty as you have ever seen—
Then don't complain! Let her rain!

Personals

W. Maxwell Byerly of Harrisburg, Penn., spent the week-end at Long Beach. Mr. Byerly has been visiting Rev. R. W. Mottern and family since July and will leave for his home about Monday.

Mrs. P. N. Boggs of 1020 Stocker street has leased her house, furnished, to E. R. Werden, one of the big contractors of Los Angeles, and is herself moving to Los Angeles for the winter.

Rev. Clifford Cole states there will be a conference Wednesday of Glendale preachers to discuss Thanksgiving arrangements, etc., provided the Health officials will allow them to meet.

Friends of Miss Mary Austin will be pleased to learn that she is rapidly recovering from the "Flu" and is being cared for ate the home of her sister, Mrs. W. A. Burns, at 16 Piedmont Park.

Mrs. Pearl Keller, who was quite ill of influenza, has entirely recovered and says she feels fine again. She has resumed her work with private pupils, but her dancing classes are not meeting.

Master Wallace Bertram Clarke, 351 Oak street, entertained three little friends on Halloween, Jackie Hagenbaugh, Edward Flutot, and and Fred Wilson. The boys dressed in costume, enjoyed out-door games respective of the occasion.

News from Officer John P. Lampert, of 128 South Everett street, of the Glendale police force, is to the effect that he is making a fine recovery from the "Flu" and will soon be out. Mrs. Lampert and their daughter are also well on the road to health.

Mr. and Mrs. G. H. Rowe of Orange street entertained Mr. and Mrs. J. E. Harrison and daughter Helen over Sunday. Following a mid-day dinner they motored in the Harrison auto to Van Nuys where they called upon old friends, H. P. Lutton and family, at their ranch home.

The two daughters of Prof. George U. Moyse are recovering from what is believed to be an unusual form of influenza in which there is very little cough but in which patients have temperature and suffer from intestinal derangements. The youngest child was taken a week ago and rallied from it, then had a slight relapse last Sunday.

Mrs. M. J. Brewer, of 735 East Wilson avenue, has been confined to her bed with influenza for two days, but her physicians declare she is doing splendidly under the circumstances, and her friends may expect to see her out before long. Miss Winifred Brewer has also been laid low by "Flu" but is past the worst of the attack and will soon be around again.

Mr. and Mrs. John Hyde Braly returned Monday from Palm Springs where they spent the week end at Desert Inn. They found a number of congenial people there and enjoyed the outing immensely, in company with Mr. Braly's sister, Mrs. Sue Braly and daughter. They made the trip in their limousine and report it is just 120 miles from Glendale to Palm Springs.

Several mothers in Glendale have been gladdened by an overseas mail this week. Mrs. J. E. Eckles is of the number as she has heard from her son, Sergeant Merle, who writes his commanding officer recently told him he had been recommended for a commission. He is at a flying school and is doing finely. He writes the weather is getting pretty cold and he fancies a snowstorm may happen along. Like the rest of the boys over there, he thinks the war will soon be over.

Mrs. R. V. Hogue is in deep anxiety in regard to Mrs. W. N. Allen of Santa Ana, who is lying at the point of death of pneumonia, following influenza. Last week Doctor Hogue and his wife motored to Santa Ana to take a nurse there because none was to be had in that city. Mr. Allen was ill of influenza at the same time but left his bed to care for his wife until a nurse could be found. No word had been received up to Monday noon and Mrs. Hogue was hoping it meant that her sister had passed the crisis and was better. Mrs. Allen has been a frequent visitor in Glendale and has quite a circle of friends here.

George Sawyer, head of the commercial department of Glendale Union High, and Mrs. Sawyer are convalescent from severe attacks of "Flu." Mrs. Sawyer came down Friday and her husband on Sunday. The professor was quite seriously ill for two days, but his temperature declined Monday night and the doctors hope both are coming through all right. They have been under the care of a professional nurse and Mr. Sawyer's mother came from Riverside to help care for them. They reside on Broadway just west of Central.

FUNERAL OF EMMA MARY FRANKLIN

Funeral services were held Monday forenoon at 10:30 o'clock at the Jewel City Undertaking Parlors over the body of Emma Mary Franklin, daughter of Mr. and Mrs. E. S. Franklin of this city.

She died at the age of 26 years at her post of duty in an army hospital at Deming, New Mexico, October 28, 1918. She was a nurse and as truly gave her life for her country as though she had shouldered a musket and marched to the front. She is mourned by a large family of brothers and sisters and by a large circle of friends in Wisconsin, where she was born, where she grew to womanhood and where she prepared for the profession to which she gave her life. Interment was made in Forest Lawn Memorial Park.

NOTE OF THANKS

We wish to thank the friends and neighbors for the beautiful floral offerings and words of love and sympathy in behalf of our beloved daughter and sister who has fallen asleep.

Mr. and Mrs. Ed Franklin and family.

THE "FLU"

Although a good many new cases of "Flu" were recorded in the Sunday and Monday reports of Glendale physicians, there are indications that the crest has been reached. Some of the doctors say their calls are diminishing and also that the virulence of the disease seems to have spent itself and most of the new cases have it in a light form.

SAD NEWS FROM THE EAST

Mrs. Louise Purnell, of Riverdale drive, has just had sad news which has destroyed many bright hopes and plans. She has received a wire from Petersburg, Florida, announcing that her nephew by marriage, Fred Lowe, to whom she was much attached, was dead of influenza after a brief illness, and that his little five-year-old daughter was very ill of the same disease. Her niece, almost distracted by grief and anxiety, had appealed to her to come at once, but Mrs. Purnell is not able to go. The parents of Mrs. Lowe were on their way from Washington, D. C., to their daughter, but could not be reached enroute. Mrs. Purnell hopes they are now with her. Mr. Lowe was a hotel man, proprietor of the well-known winter resort Hotel Pontisetta. After closing it last April he and his wife went to the Cattskill Mountains where they spent the summer. Believing that the cutting off of European travel would bring tourists to Florida earlier than usual, he decided to open his hotel in November and had been there just one day when he was taken sick with the fatal result recorded. It had been planned that Mrs. Purnell would visit them at Pittsburgh in March, taking her car with her, or possibly traveling overland, and that after the hotel closed the Lowes and herself in two cars would tour Illinois and the middle west visiting relatives and old friends, and then come west and tour this coast together. Mrs. Purnell is almost prostrated by the news.

JAZZ AND RAGTIME IN SCOTLAND NOW

(By United Press)

A Port in Scotland, October 19 (By Mail).—According to K. J. Hollinshead, of Evanston, Ill., secretary in an American Y.M.C.A. naval hut somewhere in Scotland, the canny Highlander is succumbing to the lure of our navy's jazz bands, and in many a "wee hoose on the heather" the bagpipe stands in the corner unused.

Along with the craze for jazz there has naturally developed a love of the trot and one-step. When Jack comes ashore he wants to dance. But in Scotland he didn't find much satisfaction in watching the lasses doing a hornpipe nor did the bagpipe seem like music to his "jazzened" ears.

At one port where our navy men come ashore in great numbers the boys couldn't find a dance hall of any sort, they went to Mr. Hollinshead of the Y. M. C. A. and asked his help. After scouring the town, he found the only available room was the upstairs of a second-hand shop. With the aid of a working party from the ship, he was able to have the junk removed after four hours' labor and the place was converted into a very useable ballroom. Mr. Hollinshead then introduced the boys to a number of the Scotch girls of the town, the ships jazz band played American rags, and soon the lassies were swinging into steps and the first of a series of many dances was inaugurated.

TUJUNGA

The three-acre home place of C. W. Lewis on Los Angeles Street was sold this week to Mrs. Lillian McNamara who will make her home in the valley. Also the property owned by David White, on San Ysidro Road became the home of Mrs. Willis Hancock and daughters of Los Angeles. Mrs. Hancock will put the house in order and make her home there with her son, the daughters coming out week ends. The deals were made through Dean & Co.

A forest fire was started in the Little Tujunga Canyon Sunday and threatened to be a big one, but the prompt action of the forest ranger and his assistants soon had it under control.

The dog poisoner is again in our midst. While we do not believe in poisoning dogs, we do think those who own them should keep them in their own yards. If turned loose at night they are bound to roam and get into mischief. Those who have been troubled with their neighbors dogs, all agree to this.

Tujunga has sent in over three bushel of pits in the last three weeks, and Billy Bates has the championship, bringing in nearly a bushel of pits besides a fine lot of tinfoil. Everybody will have to work fast to get ahead of Billy.

There is no pleasanter drive than the one up the Big Tujunga Canyon. The roads have been so improved that it is possible to go up to Hansen's Camp and the drive is full of pleasure every moment receiving its climax at the camp where great pines start at the bottom and climb to the top of the mountains serene and calm in their majesty. The dark green foilage being a sharp contrast to the gray jutting rocks. Judging by the amount of autos and camps, more than ourselves were enjoying the beauties of this wonderful canyon. The road to the camp covers a distance of twelve miles.

Miss Arthur of San Ysidro Road returned on Tuesday from her trip to Oregon, and though liking the state very much, thinks Southern California looks pretty good. She purchased some land there but disposed of it before returning.

Don Weiman and Carol Parcher are now on dress parade in their new military suits. Don is a sergeant and Carol corporal of a unit of 105 young men. The boys look fine in their new suits, and feel like real soldiers.

News was received Tuesday morning that Mr. Haigh who formerly lived here and operated a dairy on San Ysidro Road, had suffered a paralytic stroke in San Diego and was in a serious condition.

Mr. and Mrs. Baily who have been on the sick list the past week, are said to be improving. Their son is the next victim.

Mrs. Ludke returned on Saturday, from Boos Bay, Oregon, where she was called to her sister who was ill three months ago.

The canning factory has laid off most of the help on account of the tomatoes ripening so slowly. The ladies from Tujunga all speak very highly of the work and say it has been quite a vacation, notwithstanding the work. It will be quite a little while before the olives are ready to put up.

Mrs. Anderson from Los Angeles is working in Mr. Correa's place at the store and shows, like all women of the present generation, how quickly a woman can assume the duties of a man, and do them just as well. Our "Grocerette," seems to be as able to harness and drive the horse and deliver the groceries, as her predecessor. Let the good work go on.

News received from Bert Begue says that he has been very ill at camp in Texas with the prevailing malady, as also has Charles W. Dean who is at Brawley.

Mr. Paulson and family from Newton, Kansas, are in the Maxwell house and will remain for some time.

THEY WON'T HAVE TO HANG THEIR HEADS LIKE DOGS

LONDON, Oct. 2. (By Mail.)—Posted at all the kennels of the army is the story of two French war dogs.

It was during the German offensive, and the dogs had been sent out for a message. Their keeper stayed in the rear of the retrating French army till the alst possible moment, waiting for the dogs to return with the message.

When they returned there was no way of escape except by swimming the Marne.

The man could not swim, but the dogs could. He chained them together, and clung to the chain, and so they got him safely across under heavy fire.

When those dogs become proud fathers, they will have their answer ready if the pups ask them, "What did you do in the Great War, Daddy?"

books contributed by the American people the association bought 560,271 books, mostly technical, of which 198,-267 were sent overseas. More than 1,500,000 books of all kinds have been assigned to libraries in Y. M. C. A., K. of C. or Salvation Army huts in the war zone, a similar number being distributed in American training camps, while half a million are on warships or transports. The association has erected and operates forty-one library buildings.

The Salvation Army, with 1,210 workers, principally women, overseas, has won the affection of the fighters. Its 501 huts, rest and reading rooms are popular gathering places for the soldiers. The doughnuts fried by Salvation lassies in huts or trenches and given to the men have become famous around the world. The Salvation Army gave forty-four ambulances to the American and Allies' armies and in many other ways gives constant unselfish service.

58 JEWISH WORKERS GOING "OVER THERE"

Col. Barker Bids Godspeed to the Graduates of Training School.

The whole-souled co-operation between the seven great organizations working for the happiness and welfare of our soldiers and sailors was recently illustrated at the graduation exercises of the tenth class of the Jewish Welfare Board's Training School in New York. Col. William S. Barker, who went to France representing the Salvation Army with the first contingent of our troops and has been "over there" fifteen months, was the principal speaker and wished the fifty-eight Jewish workers of the class Godspeed, while Louis Marshall, the prominent Jewish attorney and philanthropist of New York, lauded the work of the Salvation Army among the boys at the front.

"What our fighting boys need is inspiration and heart and character in those who are there to help them," declared Col. Barker. "You will represent in the camps and overseas the ideals and standards of the Jewish faith, and it is up to you above all things to be consistent in your religious practices. Practice what you preach. That, I am sure, has been the secret of our own success. If you live up to the principles of your faith and give what you have to give from a heart big with love, the boys will respect you, whether they be Protestant, Catholic or Jew."

The newly graduated field workers will make a total of 260 men doing field work in our camps and naval training stations under the auspices of the Jewish Welfare Board. The Board has about fifty "huts" in the various camps and maintains centers in all large cities where soldiers and sailors of all faiths are welcomed. A headquarters has recently been established in Paris, and 100 men are being recruited here for overseas work. There are now nearly 135,000 Jews serving in the army and navy.

United War Work Campaign Program

The campaign begins on Monday morning, November 11, and ends at midnight on Monday, November 18.

As approved by representatives of the Government at Washington the $170,500,000 will be divided as follows:

Y. M. C. A.	$100,000,000
Y. W. C. A.	15,000,000
National Catholic War Council (including Knights of Columbus)	30,000,000
War Camp Community Service	15,000,000
Jewish Welfare Board	3,500,000
American Library Association	3,500,000
Salvation Army	3,500,000

Any surplus will be divided pro rata.

"No American May Refuse," Cardinal Gibbons Says

James Cardinal Gibbons, the leading Catholic churchman in America, has issued a strong appeal in support of the United War Work Campaign.

"It is an American campaign," he said. "Its appeal is one that no American may refuse. America's answer will be another triumphant announcement that we are in this war as one people and as one nation to see it through to victory. Into the splendid work of sustaining the morale of our fighting men the great social organizations of America have thrown themselves. The American people will raise the sum they ask—generously and gladly."

CATHOLIC BOYS JOIN WAR WORK CAMPAIGN

Girls, Too, Will Stand With Them Behind Every Fighter at the Front.

To put behind every Catholic fighter in France the support of one boy or girl in every parish throughout the United States is the plan of the National Catholic War Council for backing the Victory Boys' and Victory Girls' "Earn and Give" Division of the United Work War Campaign to raise $170,500,000 "for the boys over there" during the week of November 11-18.

Through diocesan, county and parish organizations, the rallying of one youngster for every man who has gone to war in every community is already under way. By their own earnings, and not by contributions, it is expected that these sturdy little sponsors for the boys abroad will each raise at least five dollars for the joint welfare work of the Y. M. C. A., Y. W. C. A., National Catholic War Council, including the Knights of Columbus, War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

Boys and girls in every Catholic parish throughout the United States are already being picked to represent each fighting man who has left their church for the front. In every home that flies a service flag little brothers and sisters, sons and daughters, are eagerly volunteering to look out for the share of their family fighter in the huge joint welfare campaign for all the boys abroad.

BOOKS FOR SOLDIERS SUPPLIED BY A. L. A.

English Camp Shows the Good Work of That Organization for Our Boys.

Something like 13,500 pieces of stationery are distributed daily among 4,000 enlisted men by Uriah B. Brubaker of Iola, Kas., as librarian at the Y. M. C. A. writing tent, Woodley Rest Camp of the American Expeditionary Forces in southern England. The number of troops at this camp varies from 3,000 to 9,000.

This single detail indicates why it is necessary for the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C., War Camp Community Service, Jewish Welfare Board and Salvation Army have to furnish 125,-000,000 sheets a month for soldiers' letters.

Hundreds of books are taken out in this small camp, books furnished by the American Library Association and handled by the Y. M. C. A. Most of the demands are for a good class of fiction. Thirty American newspapers are received there daily. One hundred and fifty magazines are in use daily and 400 pieces of athletic equipment furnished by the "Y" are put to good use.

800 WOMEN NEEDED BY SALVATION ARMY

Commander Evangeline Booth Says War Relief Work Must Be Extended.

Commander Evangeline Booth, leader of the Salvation Army in the United States, has been suddenly called upon to furnish 800 additional war work women for France. The request is contained in a report just received by her from Col. William A. Barker of the Salvationist forces, whom she sent to France over a year ago to establish hutment and general war relief work with the American troops.

"We will do all we can to fill this demand," said Commander Booth when discussing the approaching United War Work Campaign, "and the need itself should impress the American public all the more with the absolute necessity for sustaining and enlarging the war relief work of the seven organizations, besides the noble Red Cross, now merged for a drive for funds. Each is a vital cog in a vast machine for human relief, and each is indispensible, serving its particular elements in its own way.

"The Salvation Army was born in hardship, reared in privation and trained to every phase of human misery and how to cope with it. Perhaps that accounts in some degree for the success our work has attained and for which we are thankful.

"We are of the common people, and we toil on a practical basis. We learned the lesson of how to do it in the Boer war, when we stood at the side of Britain's troops and weathered it out to the end. We have been tried by fire, and the mothers and fathers of America, as in other countries, trust the Salvation Army to do the thing they would like to do for their men if they but had the chance.

"With 1,210 trained workers at the front, operating from 420 huts and dugouts, the Salvation Army is doing, has done and will continue to do its best for the cause of humanity and Liberty."

CURE FOR BLUES NEAR THE CAMPS

Community Service Takes Place of Mother, Friends and Home for Soldiers.

Ten young officers of the Student Army Training Corps of the University of Detroit recently applied for a furnished house and a housekeeper who would not be a servant, but, as one young officer expressed it, "the sort of woman to whom the boys can call out 'Hello, mother!' when they come in the front door."

Homesickness is the malady for which War Camp Community Service supplies innumerable cures.

"We've got your number," says the W. C. C. S. to the homesick boy from camp with leisure to spend in any one of the three hundred towns scattered over the country. While he's wondering what on earth he'll do with himself when he gets there, not knowing a soul in town and with a limited percentage of his "thirty per" in his pocket, along comes a friendly printed card from the local branch of his own lodge announcing a reception that night especially for soldier members. By the same mail the Methodist church sends an announcement of all its meetings, addressed to him, with **This Means You** printed at the bottom. How did they know he was a Methodist?

He had forgotten about the little "Personal Card" he made out at the adjutant's request during his first day in camp when it was only one of the endless details in the round of dentists and doctors and general confusion. The W. C. C. S. had not only his number, but his name and address, his home town, the name of the school he'd gone to and a good bit about the things he was fondest of doing—each fact written into a little blank on the card especially for it.

WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are Helping to Keep Up the Morale of Fighting Millions Unite in Campaign for $170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States,—the duty of sending Home to those who have put Home behind them for the period of the war. The agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or chocolate bar, with which he stays his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal comfort after weeks of terrific combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of $170,500,000.

The Y. M. C. A. provides 538 huts in American training camps and more than 800 in the war zone as centres which the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 3,822 were serving in American camps at home.

Y. M. C. A. huts are the canteens of the American Expeditionary Force and are the theatres where the American entertainers, sent over by the "Y," appear. Noted American public men and clergymen speak in the huts. Classes are conducted there. Millions of letters are written there on paper provided free by the "Y." Physical directors of the "Y" teach and spread mass athletics, using material furnished free by the organization.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centres, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surroundings and atmosphere of the best homes.

The National Catholic War Council co-ordinates all Catholic welfare work in support of the government and through the K. of C. provides clubhouses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertainingment, movies, boxing bouts, educational work, religious services, free stationery, reading matter and writing rooms. In France their rolling canteen accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 300 workers in France at the beginning of autumn, with 450 more passed by the government and 200 others signed up. At the same date they had 468 secretaries in American training camps, 150 buildings, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. C. C. S. obtains for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

The Jewish Welfare Board is correlating the strength and purposes of 100,000 Jewish soldiers, sailors and marines with that of the Gentile soldiers. The board teaches the English language, American civics and ideals to thousands of young Jewish men who were inducted into service after only a few years' residence in this country. While safeguarding his religious rites, the board assists in the process of welding the Jewish soldier into the solid American unit and in bridging over the differences between him and the others.

The American Library Association is providing reading matter for every American soldier, sailor, marine and prisoner of war. In addition to gathering and forwarding three million

LA CRESCENTA

Mr. and Mrs. Theodore Hoffing have rented their La Crescenta place and will make their home in Glendale for the coming winter.

To all families having boys in the army and wishing to send Christmas gifts please take notice that only one label is allowed to a soldier and he sends it to his next of kin. The gifts must be packed in a carton obtainable from the Red Cross and no where else. The package is then taken to the Red Cross for inspection, tied and sealed, and weighed and you pay the postage. This must all be completed before November 20. Our local Red Cross will have its quota of cartons in a few days. Families having boys in the navy will follow a different ruling—packages must reach the base from which the various ships are departing not later than Nov. 15. This means for you to hurry or you won't be on time. Mrs. Miller of our local Red Cross will furnish any other information necessary. But don't put it off and let your boy go without a gift if he has sent you the label. The Red Cross does not handle the navy packages.

Leland Wise, Louis Scherb and James McCluskey, who subscribed for Liberty Bonds, have gone to the Imperial Valley to work during their vacation to earn the money to pay for the bonds.

Election Tuesday, Nov. 5, polls at the school house. Do your duty, everyone of the voters of precinct. Do not neglect this, much that is vital comes up this time.

School will reopen on Wednesday, Nov. 6, as far as the Board of Health ruling is at this time.

The Red Cross Chapter turned in their quota of dressings which in the face of conditions was very splendid work on the part of these willing workers. So few have come out these last days that the burden has fallen on the few. Make a special effort during the next week to give at least one day a week to this glorious work.

Did you keep your War Savings pledge this last month? Remember all those little quarters go to make a big sum that the government needs and you will be so glad you did help and save those quarters when in 1923 you cash in your stamps and get it all back with interest.

The Knitting Squad turned over to headquarters 31 knitted garments. There is still some free wool so the busy fingers can keep up the good work.

Walter Andersen is on his way to an eastern camp. Cards were received by the family from different towns in Ohio enroute.

Dr. C. I. Mills of Glendale officiated at a pretty wedding at La Crescenta Wednesday afternoon, October 30, at the home of Mr. and Mrs. George H. Ferbeck when their daughter, Miss Ina D. became the bride of Mr. William H. Connor. Owing to the fact that the bride's mother is an invalid the wedding was a quiet one only the immediate family being present. Immediately after the ceremony Mr. and Mrs. Connor left for Catalina Island where they are enjoying a honeymoon outing. On their return they will reside with the bride's parents on Altura avenue. The family are newcomers here having come from Sawtelle but they are being warmly welcomed and the people of this community unite in wishing the newly married pair a long and happy wedded life.

SUNLAND.
